ALCHEMY OF NUMEROLOGY

Unlocking the mystery

The fundamental premise of numerology is that life is orderly system and that numbers reflect that orderliness. Our understanding of what is the orderliness and what is the random changes with our knowledge. As we learn more, we understand more. Unknown from yesterday is the part of normal knowledge today.

With quantum physics things change enormously. It is demonstrating that the reality of universe is unity in which all things are related.

Numerology is based upon this understanding showing that we are also part of this unique cosmic unity and giving the answers about things that rational mind is not able to enter and understand.

Numbers can be seen as archetypes. Through numbers we can discover our personal code which is our connection with the universe as a whole. Knowing our code we come closer to the understanding not only about our being but about this unity as well.

Psychological Analysis shows the main aspects of the personality and life path that one goes in this incarnation. It helps in better understanding of all personal traits and characteristics. It shows the way how to bring balance or imbalance in our character into a harmony.

It reveals the dreams hidden in our heart showing the motivation behind many of our actions.

It presents us in communication with others revealing our protective mask.

It indicates some special talents we possess which shape our life.

Since our life on Earth is a school we take a part in some mysterious way, we make our decisions as a part of our education. Things that must be learned and mastered during this lifetime are our Karmic lessons. This analysis will present Karmic Lessons and our Karmic Debt.

And finally it will reveal how all these vibrations are compatible making your unique personality.

This reading is composed for you, Meryl. It is based on your full name at birth and your date of birth.

Birth name: Mary Louise Streep

Short name: Meryl Streep

Birth date: June 22, 1949

Please check your birth data to make sure the name and date of birth used are correct.

I wish you to enjoy this reading.

LIFE PATH

The central lesson you came into the world to learn

The moment of our birth when we step into a new reality of human life is a moment when our life play starts.

Both our name and our birthday establish our life game board. We start our game making our own choices. But even at that moment we are unique as unique is our DNA or our fingertips. With all given potential we can do what we want deciding with our free will what version of our potential we shall put in this play. It can be full or smaller version of ourselves. It is our choice.

The Life Path shows a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. It is the road we are traveling facing our opportunities and challenges.

Life Path vibrates 33/6.

33/6

You possess great compassion and seek to be of service to others. You have concern for the weak and the downtrodden. You are a healer and a helper to others. You are capable of giving comfort to those in need and will frequently offer a shoulder for others to cry on.

Your task in life is to develop the tools necessary to be truly helpful to others, rather than to simply be a sympathetic ear. You must find the balance between help and interference. In the same way, you must learn the delicate art of the counselor who knows when to leave the struggle to others and when to avoid taking away the necessary experiences and lessons of life.

You are naturally balanced. Therefore, you are well equipped to support and ground others in times of trial.

It is in your nature to take on responsibility -- you often fill the void left by others -- and do not turn away from personal sacrifice. You try to maintain harmony within the family or group, balancing and fusing divergent forces. You seek marriage and are often a wonderful parent, offering warmth, protection, and understanding to children.

You are generous, kind, and attractive. You are often admired even adored which baffles you. You are humble and yet you carry a deep pride. You move well and gracefully, but will have to work to stay in shape. Seek out physical exercise and limit the sweets and dairy you crave to keep yourself from becoming plump and round.

When young, you must be careful not to choose partners for the wrong reasons. Do not let sentimentality influence your decision, especially those involving the choice of a spouse. You need to be needed, but must learn to discriminate between those you can help and others who are made weaker by your care.

After all, it is in your nature to be attracted to the weaker brothers and sisters among us.

The temptation, and the danger for you, is to think of yourself as the savior of the world, carrying the burdens of others on your shoulders.

You are blessed with musical talent, as well as in the visual and performing arts. However, your creativity may well be suppressed due to your willingness to sacrifice, or your inability to fully appreciate your talents. This is not to say that you cannot excel in these areas; on the contrary, you have the talent, and with effort you can make a success in a number of artistic fields.

You also have enormous talent in business. You are blessed with a great deal of charm and charisma, which you use effectively to attract the people and support you need.

BIRTHDAY

Your special talents

The day of birth indicates some special talent we possess. It is a gift that will help us along our Life's Path. It is one of our four core numbers -- the Life Path, Expression, and Heart's Desire being the other three.

Our name forms our character traits, personality, etc., and it is the same whatever birthday we choose. But with the day we choose as our birthday we form our experience making it to fit to our major lesson.

Our Birthday reveals specific talents we have which will be helpful to us in dealing with our Life Path.

Your Birthday vibrates 22.

22

You have great potential as a leader, organizer, or builder of an institution or business. You have a vision and the capability to materialize it. You possess the capacity for great strength, but conversely you can be deeply afraid of the dimensions of your ambitions. You may secretly feel that nothing will measure up to your original dream. Consequently, you can turn away from your ambitions. This can result in enormous disappointment to you should you sacrifice your dream because of fear of failure.

Your challenge is to be willing to start your enterprise small and take practical steps toward enlarging it to its full scope.

You have a gift for seeing both the details of a plan and how it should unfold. You are orderly and patient. You can approach a problem methodically and systematically.

Your solutions tend to be unique. You keep your own counsel and have much inner strength.

Conversely, you can be nervous and suffer grave doubts about yourself, which you also tend to hide.

You have unusual perception. Your intuition is very good and you should rely on your first impressions.

You are both practical and idealistic. You tend to want to ground your ideals in realistic methods. You are not one to indulge too much in grandiose plans for their own sake.

You have enormous potential for success. Many who have left a permanent stamp on humanity -- inventors, Nobel Prize winners, leading artists, and statesmen -- have had the 22 prominent in their charts.

EXPRESSION

Life long target at which you are aiming

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression vibrates 23/5.

23/5

You are a free spirit. You love change, adventure, and excitement. You love your freedom. Like a bird that needs its wings to live, you cannot exist without it. Freedom is the nucleus around which your life revolves. You need it for your very survival. By using freedom properly, you are able to explore and develop all of your varied talents. You will meet many types of people and travel great distances. Freedom is the atmosphere necessary for you to bring forth your many talents.

You are capable of doing almost anything, and probably quite well. Only by avoiding the imprisonment of illusory security are you able to bring forth your abilities.

You are unusually adaptable. In fact, change is a blessing for you. In the same way, you need challenge and variety. You hate the routine of life; being stuck is a catastrophe for you. You become miserable when you are held back or held down.

The taste and texture and color of life have an overpowering allure for you. From childhood, you dream of seeing foreign lands, experiencing the sensual and the exotic. You want to try everything at least once in life. All of life is a playground for your senses.

But this can get you into trouble. You may fail to respect your natural limits, either biologically or socially. Any sort of boundary is anathema to you, which can blind you to your natural limits, and may cause you to overindulge your desire for food, sweets, alcohol, sex, and drugs.

You are gifted in your ability to communicate. Your facility with words is almost limitless. You can be a salesman, politician, lawyer, public relations person, and minister. You also possess the talent to share and advance new ideas. You are talented with your hands. You love the new and untried. Your field is the frontier. You are a bit of a gambler, and often play for very high stakes. All of this combines to give you a youthful enthusiasm, which others find infectious and attractive.

You like to work with others, but need to perform your task un-encumbered by the restraints of others.

You are a clever and a quick thinker, but your thought processes -- like your life in general -- can be unorganized and scattered. You must stay grounded and focused if you want to be successful.

You fall in and out of love frequently, especially early in life. You are naturally sensual and commonly have a strong sex drive. These characteristics usually make for a lively and exciting love life, but you must guard against shallow feelings and relationships. Your challenge is to develop mature and lasting relationships.

Self-discipline and setting healthy limits is the key to your success in virtually every area of your life. Ironically, you will find that as you learn to set appropriate limits on yourself, you will develop more self- mastery and realize even greater freedom.

This is especially true when it comes to finishing what you start. Your tendency is to give up once you've got a project or job under control; you grow bored quickly. You start to fantasize about a new challenge, or the rewards of your great accomplishment, long before the work is finished.

The 5 Expression desires the whole world. You are aware that you have many talents that can bring much success. But that success depends on your willingness to choose certain areas to concentrate on, and to bring them to perfection.

EXPRESSION OF YOUR CURRENT NAME

Latent characteristics

The influence of your current or short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your current name vibrates 12/3.

12/3

Your short name increases your capacity to enjoy life. It boosts your optimism, cheerfulness, good taste, and an interest in sports.

You communicate more easily and your sense of humor is enhanced. You are inspiring company, often motivating and uplifting others.

Your artistic ability -- especially your facility with words -- is increased.

The three is a happy-go-lucky number, which, on the negative side, can make you avoid difficulties and try to find the easy way out of challenges.

HEART'S DESIRE

True motivation of your spiritual being

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

Your Heart's Desire vibrates 14/5.

14/5

Freedom is essential for your happiness. You love change, new experiences, meeting new people, adventure and travel. You love the exotic, far away places. Variety is more than mere spice of life -- you thrive on it. You are extremely flexible and adaptable. You have more curiosity than the proverbial cat. You have a sharp mind and a natural ability with words. You are a born communicator, clear, fluent, and imaginative in every area that interests you -- which are many!

Your Heart's Desire makes you very well equipped for life. Change -- the only constant in life -- doesn't threaten you, as it does other people. You are highly resourceful. Generally, you can think clearly in a crisis; you have good mental and physical reflexes. Whenever you fall, you tend to land on your feet.

You are highly enthusiastic. You get excited easily over a new idea or opportunity. Your nature is unconventional. You are a bit of a gambler, taking risks whenever you think the rewards are worth it.

You are very socially oriented and rarely, if ever, dull or boring. You are, of course, drawn to those people who, like yourself, are original thinkers and have exciting personalities.

You enjoy being involved in several projects at the same time. You need continual stimulation by the new and fascinating. You tend to discard boring pastimes quickly.

Your love of freedom and change can have numerous consequences. You can be irresponsible, especially when it comes to finishing tasks. You have a hard time persevering at a given project and bringing it to completion.

You must be careful that your love of sensory pleasure doesn't lead you to excessive indulgence in alcohol, food, sex, and even drugs.

You are a bit of a hero and want to save the world. This causes you to make promises you often cannot keep. Down deep, you long to please everyone, an impossible goal.

Many 5s can be emotionally superficial. They feel love passionately, but fear making deep and lasting commitments. As a result, they resist the depths of emotional attachments and remain on the surface where it is safe.

You will experience many changes and unusual events, but you learn best through experience. Therefore, your life will be full and you will make great strides in personal growth.

MINOR HEART'S DESIRE

Insight into what you truly want in life

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire vibrates 4.

4

Your Minor Heart's Desire adds orderliness and practicality to your personality. It makes you more serious, responsible, and practical.

Your short name encourages you to pay close attention to details, the nuts and bolts of business. You are less irritated by the routines of life. Your shortened name inspires you to become more grounded and to think about your basic security and that of your loved ones.

You are more likely to be a perfectionist, and less interested in a varied social life.

You have strong ideas concerning right and wrong.

PERSONALITY

Your protective mask

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature;

you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality vibrates 9.

9

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others.

Many actors, dancers, and other performers have a 9 Personality Number. You are elegant, graceful, and charismatic. Many admire you.

You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you.

You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world.

Your challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing.

You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

KARMIC LESSONS

Weak points that must be learned during this lifetime

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

Your karmic lesson vibrates 8.

8

You can attract a considerable amount of money and even be a good business person, but you experience major ups and downs in your financial affairs, due largely to your lack of caution in handling your resources.

You are highly independent and do not want to be told how to do things. You have great problems with authority figures. This stems from a kind of know-it-all attitude and stubborn behavior that prevents you from knowing your limits.

You will have to work at knowing how to handle money. In all likelihood, you will attract enough of it, but it has a tendency to slip through your fingers. This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

Learn to be efficient.

9

Warm, generous and compassionate, you would do well and be quite happy in any undertaking that not only supplies you with a decent living but also is for the good of all. You are artistic, the nine is responsible for many of our creative geniuses, however these talents are often suppressed, sometimes coming to the surface at middle or old age. You have a strong desire for insight and universal knowledge. You are emotional, your feelings are not always sensible and they too are often suppressed. You can get caught up in dreams and ideals without being practical but with enough fire and enthusiasm to attract support. Your oratorical abilities save many a situation. You are driven to do your own thing and are quite independent.

FINAL COMMENTS

The compatibility of all your vibrations

You have within you the potential to become a spiritual teacher. The 33, like the 11 and the 22, is considered a Master number. However, as with all Master numbers, you may or may not find the opportunity and inner resources to reach your full potential. If you do, you will be remembered for generations. If you don't, you will still have a strong, spiritually empowering influence on others. Keep in mind, that spiritual does not always mean religious. Some of our most enlightened teachers never saw the inside of a temple or a church. In fact, most were considered heretics and unbelievers. The truth is that spiritual knowledge is an inner experience. An experience, which nonetheless can be visible to those around you. If you know this experience, you understand your path.

As you mature, you will discover that you possess a growing talent for understanding and working with other people which comes from your Maturity number 11/2. Your ability to influence others through tact and diplomacy will grow. These talents will further you along in your career or business. You will become increasingly shrewd, and will learn the art of discrimination. Your sensitivity to the needs and desires of others improves dramatically. You will be able to evaluate their motivations with a growing clarity and uncanny accuracy.

You find you can get more done by persuasion and gentle guidance than by force.

You may well have to learn to assume the role as the power behind the throne. Your influence is less public, and you may not always receive the public recognition you deserve. However, your satisfaction comes from seeing the fruition of your own ideas come about, the result of teamwork and cooperative efforts.

You should rely more on your own strengths and abilities. Be more decisive; don't beat around the bush and be straightforward when expressing your thoughts and feelings. You need to take charge more often. Get off the beaten path and find original ways of doing things. Do not try to be conventional, or try so hard to behave according to the expectations of others. That is the way to make your talents, strengths, and specific abilities which vibrate through your Expression number more easily available and fitting the needs of your direction of growth vibrating through your Life Path.

In order to make your true nature -- more aligned with the part of your personality avoid procrastination. Try to be more reliable and punctual. Be practical, methodical, and systematic in your endeavors. Keep track of details; avoid chaos. Work on the basics of life. Physical and outdoor activities bring you closer to yourself, so get out in nature, work in the garden, or build a fence.

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world. The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the

world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others. Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational -- that is the world of the mental plane -- but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds.

Numerology indicates how we as individuals function on each plane.

Physically you are active and inspiring; you are daring in business and other areas of life.

You have strong likes and dislikes and live according to your opinions.

You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You seek the truth in virtually every situation, even if it reflects harshly on you.

You are charismatic and have interesting ideas on every subject. This makes you attractive to the opposite sex.

You have your own style and even a certain degree of class in your dealings with others.

You are highly emotional, as Emotional Plane of Expression vibrates 28/1. You experience much nervous tension and can be high strung. You are roused to love and anger quickly. You can be stubborn and proud. You can become personally and emotionally identified with a particular project or person to the point that you become deeply attached and even possessive.

You are demanding in close associations, especially in love and marriage. If not careful, you can easily be domineering. You need a strong willed yet flexible person as a spouse.

You are highly intuitive with flashes of insight. You probably attribute most of your thoughts to your mental capabilities, but in fact your insights come from another, higher resource.

In order to deal appropriate with difficult or threatening situations use your considerable power in a balanced way. You may use power in a manipulative way, rather than confront people on principle.

Use your power in a higher way, namely, by accepting personal responsibility for the issue and its solution. You have enormous creativity and the leadership coming from your inner balance which vibrates 8. You are capable to find an answer to almost any problem.

Try not to force your own solution upon groups, but include their concerns and ideas in the larger solution that you can bring about. Learn to use power for the good of all.

You are never satisfied with a simple answer. You tend to delve into all the aspects of a question until you feel you understand the problem completely. Then you proceed to solve it with clarity and without hesitation. Few people are able to compete with you when it comes to finding answers.

You recognize the underlying factors in a problem situation before anyone else, and you are often able to analyze them in a unique and insightful way.

You are a perfectionist and quickly frustrated when you work with people who like to take short-cuts. You appreciate quality more than quantity in any situation.

In unexpected situations you handle in an efficient manner and often manage to get the best out of it. You learn quickly and usually do not repeat the same mistakes. You want to be rewarded for your efforts and relate your success to the material aspects. You are dependable and solid in almost any kind of situation. You do not panic or scare easily. You have a business-like attitude to problems and realize quickly what needs to be done. You have a good understanding of money and matter. You are a survivor. You show leadership and organization and are physically courageous and competent.

Here comes the answer on the personal question
